Up until now, to receive help through the dimensions of The Path to Heal, one would need to visit a Path practitioner. Practitioners would walk the client through the dimensions using their guidance bringing the client to the understanding of blocks.</p> <p>My Path to Joy book is set up so that you have the opportunity to discover your blocks to joy on your own. By using these protocols, you trust your own guidance to lead you through a process similar to what a Path practitioner would do. As you proceed through these protocols, you release the shame and guilt that is obstructing your ability to choose happiness and be joyfully well.</p> |

When uncovering these truths, this deck also provides the energetic medicine needed to gain the courage to release coping mechanisms that seemed imperative for survival, but are now simply creating restriction and pain. Once released, our clients discover their gifts, talents and love.</p> <p>Tarot is a divination tool originating during the Italian renaissance and then popularized by the French. Tarot recognizes the dark and fearful qualities of our nature, while helping us choose light. Mystical Kitten Tarot uses completely positive and loving cat images and messaging.
