As a result, she transformed her life from disharmony to positive alignment and accomplishment.

The Path to Heal is the dominant healing modality utilized in Izabella’s practice. The premise of **The Path to Heal** system is that “only love is real” and that when we exist in the vibration of love, all pain and negativity resolves. In Izabella’s view, **The Path to Heal** is the most comprehensive and effective healing system that can heal masses of people, families and organizations as well as ancestral DNA and issues from past lives. **The Path to Heal** is the only modality that exists that easily heals all dysfunction at its core and replaces it with love.
